Saturday School English Language Programmes

Cambridge Preliminary English Test (PET)

Introduction

On our PET course students begin to use English in a very free and natural way, and we aim to provide great increases in confidence and fluency for all our students. The class will cover a wide range of language skills, and we ensure that there is personal attention for each student from our teachers.

PET is the second level Cambridge ESOL exam. It is an intermediate level exam, at Level B1 of the Council of Europe's Common European Framework of Reference for Languages. PET covers the four main language skills - reading, writing, listening and speaking, using material from real life situations. If you can deal with everyday written and spoken communications (e.g. read simple textbooks and articles, write simple personal letters, understand simple directions), then this is the exam for you.
